Welcome to Images Photography's Wedding Services

Your wedding day is a very special day, which you have planned for a long time and you will remember for ever. But after all that planning, when the day is over, the cake is cut, the guests have gone home and all the presents are unwrapped and put away, what do you have left? Your memories. But memories fade and you need something to rekindle the magic of that wonderful day - your wedding photographs.

For over 30 years we have been photographing weddings. We offer a personal, friendly service and do not 'sub-contract' our weddings to a nameless face who suddenly appears on your big day. We are pleased to discuss our Collections, show you our work and advise you on any aspect of your wedding.

For the Bride and Groom

We offer a wide range of photographs and albums as detailed in the price guide.

For Parents, Relations and Friends

Souvenir albums are available which are inscribed 'Our Daughter's Wedding', 'Our Son's Wedding' or 'Wedding' in a range of sizes and finishes.

Extra Prints

Extra prints are available, these are priced separately in a variety of presentation types and sizes. We can also provide 'Thank You' cards incorporating photographs of the Bride & Groom.

Picture Frames

Due to the wide choice of styles and prices available, we do not include picture frames in our prices but will be happy to frame your picture from our wide range of frame mouldings

We offer a coverage of your wedding at prices to suit most budgets. These consist of collections which can be tailored to suit your individual requirements. You may have a good idea of the photographs you want or you may need help. We will be pleased to offer any guidance you may need. Please feel free to contact us to arrange to view samples of our photographs and albums at your home.

Each collection for the Bride and Groom is a complete package, including photography at the wedding venue, your reception and a visit to a local park or beauty spot should you wish. Your chosen photographs will be enlarged to either 8"x 6" or 10"x 8" and mounted in the 'Traditional' wedding album of your choice. Although our 'Traditional' range of albums is of very high quality, you may wish to extend your choice by upgrading to one of our 'Craftsman' albums.

Your wedding photography starts with a casual chat at your home a week before your wedding so that we may discuss your requirements and ensure that we are up to date with your final arrangements. We will then photograph your wedding, and about ten days, later supply an album of proof photographs, so that you may make your choice for your finished album. You may view this at your leisure and pass around your family and friends and it is yours to keep when your choices have been made.

Your chosen photographs will then be professionally printed on genuine lustre finish photographic paper for quality and longevity. There may be a single print on a page, or a combination of smaller photographs, in either 'standard' or 'magazine' style and finished with a suitable page overlay. For pricing purposes, combinations of smaller photographs on a single page are classed as a single photograph. Your album may include black & white, sepia or special effects and will be completed with a personalised title page.

Upgrade to a 'Craftsman' Album for an extra £105.00

In all collections extra prints may be added to your album at the following prices:

8"x 6" Collections - £10.00 per print

10"x 8" Collections - £15.00 per print

Attendance at the Bride's home

We are happy to attend the Bride's home prior to the wedding to take extra photographs, both formal and informal, of the preparations. This is NOT included as standard in our collections as we feel that it is unfair to clients who do not wish to take advantage of this service. We therefore charge for this separately

.. £75.00

Descriptions:

'Proof Album' ~ An album of small photographs, provided for you to choose the finished photographs for your album and reprints. This album is yours to keep after the wedding and may be used to order additional photographs in the future. The prints in this album are numbered for reference and watermarked 'copyright ©'.

'Traditional' Wedding Album ~ A choice from our range of quality albums with our standard leaves and shaped overlays, in a choice of colours, wording and cover motif. Photographs are normally mounted on one side of each page.

'Craftsman' Wedding Album ~ Your selection from our range of quality hand-made albums. These are available in a choice of materials (leather, fabric, metallic, etc), colours, wording, overlays and deluxe foil taped leaves. Photographs are normally mounted on both sides of each page.

Other Details:

- A non-returnable booking fee of **£100.00** is payable at the time of booking, with a further £200 due 12 weeks before the wedding. The full balance for the service required must then be paid not less than 7 days prior to the wedding. These payments will be deducted from your final invoice
- All sizes are quoted in imperial measurements, as is the current industry norm. A metric price list is available on request. All prices include any relevant taxes due.
- Any part of any package not taken cannot be credited.
- Prices in this guide do not include any entry fees or fees which may be payable for permission to take photographs on certain premises (church, park, private property etc). Permission must be obtained and fees paid directly to the appropriate authorities.
- Photographs at the reception are taken before the meal commences.
- This price guide supersedes all previous price lists and guides.
- Full terms of business are available on our booking form.
- Prices for wedding services apply to weddings taking place after the 1st January 2009 but before 31st December 2009.
- Errors and omissions excepted.

Frequently Asked Questions

How long does it take to photograph a wedding? ~ It depends on the collection you choose and your requirements. We will be pleased to take your photographs at your wedding venue and go with you to a local beauty spot. This, of course, takes longer. Please allow adequate time for your photographs to be taken. Remember it is easier to kill time than make it!

Who actually takes the photographs? ~ Unlike some photographers, we do not sub-contract our wedding services to some stranger who turns up on your wedding day. Before your big day we are available to discuss your requirements (we usually call on most couples the week before) and to get to know you a little better so that you will be more relaxed on your photographs.

Can I see your work? ~ Of course you can. Please call us to arrange to see examples of our work and samples of wedding albums and photograph presentation (including frames). We will be pleased to bring a selection of our work for you to view or you can find a selection of our work on the **IMAGES** web-site: www.imagesphoto.co.uk

Why should I use a professional photographer when I have friends with cameras? ~ A good question, but are your friends experienced in dealing with a large group of guests, a variety of locations, the varying joys of the British climate and still get you to your reception before the soup gets burnt? A professional photographer is experienced in all these things and more! Our work has been approved and accepted for qualifications by the British Institute of Professional Photographers.

Will you take more photographs? ~ If you wish we will quote for as many extra photographs as you want. Remember that taking professional photographs, rather than 'snap-shots' (leave these to your guests) takes time. Remember this, when comparing this price guide with those of other photographers. Averaging about 1 minute per photograph, to set-up and take 200 different photographs properly, could take about three hours!!

How far do you travel? ~ We are prepared to travel a reasonable distance and have covered weddings at both Windermere and Chester at no extra charge. However we reserve the right to make a reasonable charge for extra travel and other expenses should your wedding take place over 50 miles from the Leigh area. Please check with us.

Why do you supply a proof album? ~ Simple, we do not like high-pressure marketing and do not practise it ourselves. We believe in giving our clients time to choose in their own home, with family or friends, not in a viewing room at a studio with a commission based assistant forcing your orders.

Why are your proofs watermarked? ~ It may come as a surprise, but photographers make their living out of taking and selling photographs. Regrettably with today's digital scanning technology, some people will order the minimum from a photographer and illegally produce poor quality copies. Under the Design, Patents and Copyright Act, it is illegal to copy a photographer's work without permission. We will be pleased to produce as many copies of your favourite photographs as you wish. Our prices compare favourably with other photographers.

How do I pay? ~ We accept all major credit cards (subject to a 2% surcharge) and debit cards. We also accept old-fashioned cheques and currency. You may also spread your costs by paying weekly or monthly up to the date of your wedding. Due to the personal nature of photography payment for all orders (reprints, souvenir albums etc.), must be made at the time of placing the order as costs for uncollected orders cannot be offset by resale. Work will not commence on orders until full payment is made.
